Due by the end of class

Experimenting with Bootstrap

Create the web page shown below. Use Bootstrap for layout and formatting.

The content is minimal. Use lorem ipsum text as shown and enter other text as shown.

Note that an additional diagram below shows tips indicating some classes that may be used to achieve the desired effect. You may choose to use a carousel instead of the deck.

Each of the 4 links in the left sidebar should link to a page of your choosing e.g. Ferrari manufacturer's page, France's tourist page, etc.

Images are provided in the images folder. You may choose to use other images, however, you must ensure they are provided for free and/or credit is given to the creator as specified
